

Measure & Mark Range
THE TOOLS TO TRUST

Spear & Jackson
Since 1760

Mark, Measure

The small tools are just as important as the large ones. Every successful project will need to be measured and marked out. Spear & Jackson metric and imperial tape measures and squares, combined with spirit levels and chalk lines, are perfect for project preparation.

Measure & Mark Tapes & Rulers

High quality essential measuring tools for the
builder or renovator...

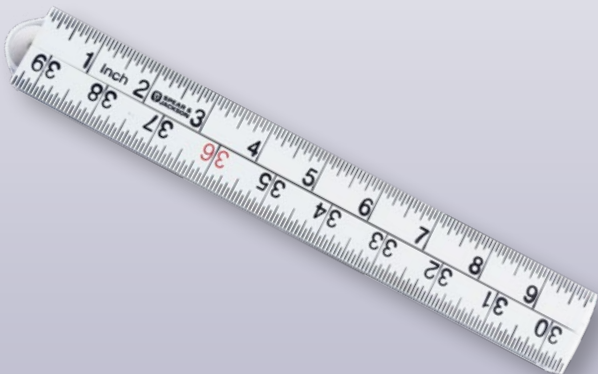

SJ-3008M 8m Tape Measures

- Integrated belt clip and wrist band
- Impact absorbing rubber casing offers a better grip and greater comfort
- Auto lock blade system with a push release button
- Twin magnetic end hook
- Metric graduations

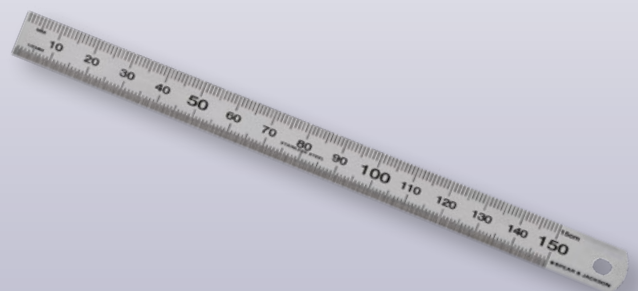

SJ-FRMI 1000mm Folding Ruler

- 4 fold rule
- Tough combination of fibreglass & PVC
- Easy read etched numerals
- Metric & imperial graduations
- Bevelled edge

SJ-SSRXXX Stainless Steel Rulers

- Premium stainless steel blades
- Hanging hole
- Easy read acid etched numerals
- Metric only graduation

SJ-SSR150 150mm, 20 Pack
SJ-SSR300 300mm, 10 Pack

SJ-SSR600 600mm, 10 Pack
SJ-SSR1000 1000mm, 10 Pack

Measure & Mark Bevels & Squares

Comprehensive bevels & squares for every job...

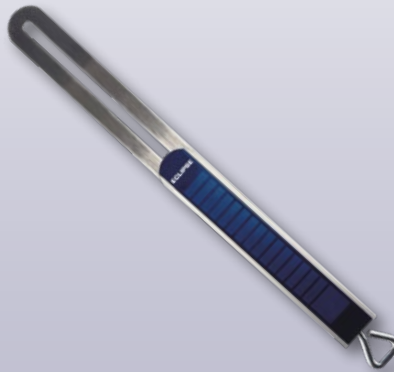

SJ-STB200 Sliding Bevel - 200mm

- Used for the setting and duplicating of angles in carpentry
- 1.5mm stainless steel blade
- Tough ABS body

EC-ESB250 Sliding Bevel - 250mm

- Great for making furniture, putting up shelves or fixing skirting boards and architraves
- Carbon steel blade
- Aluminium base
- End screw for secure locking of the bevel in the required position

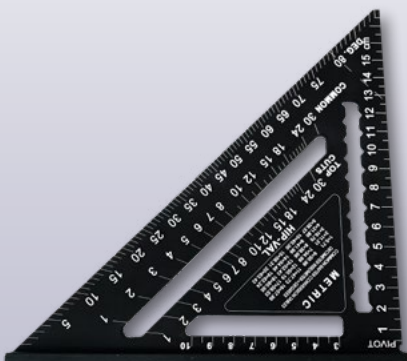

FP-1252/9 Sliding Bevel - 230mm

- Used for checking angles, marking joints & across board
- Brass wing nut screw making tightening & loosening the blade simple
- Chemically blued blade to prevent corrosion
- Bevel stock made from high quality hard wearing walnut
- Made in Sheffield, England

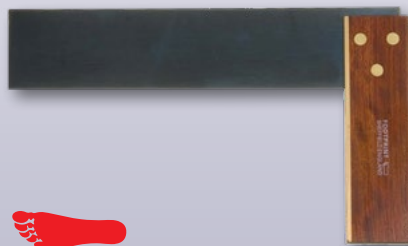

SJ-RSM Rafter/Speed Square

- Sturdy aluminium construction
- Stamped conversion tables
- Thick frame design ensures safe use with a saw or knife
- Angles from 0 to 90 degrees can be marked quickly and easily

FP-1247 Carpenters Square

- Used for marking right angles & checking squareness between joints
- Hard wearing walnut stock
- Thick brass plate fitted to the stock to maintain accuracy
- Tempered & chemically blued blade to prevent corrosion
- Made in Sheffield, England

FP-1247/6 150mm, 6 Pack
FP-1247/9 230mm, 6 Pack

EG-XXX Carpenters Square

- Used for measuring and laying out angles
- Easy to read white on black numerals
- 1mm scale

EG-120 300x200mm, 4 Pack
EG-6040 600x400mm, 4 Pack

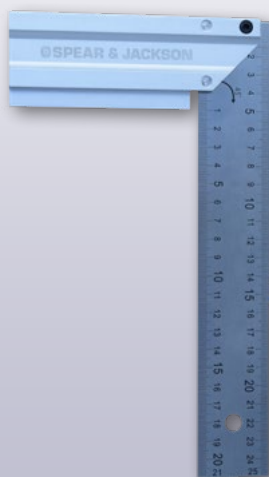

Measure & Mark

Try Squares & Gauges

These hand held marking & checking tools are used to assess angles and mark straight lines. The Try Square is accurate both inside & outside...

SJ-BTS Square Try & Mitre - 250mm

- Stainless steel blade
- Easy read numerals
- Strong but lightweight aluminium stock

SJ-TMSXXX Square Try & Mitre

- Premium 1.5mm stainless steel blade
- Accurate acid etched numerals
- Strong but lightweight aluminium stock
- Suitable for carpentry applications
- Ideal for 90° & 45° degree settings

SJ-TMS200 200mm, 20 Pack
SJ-TMS250 250mm, 20 Pack
SJ-TMS300 300mm, 20 Pack

EC-ETRY5 Square Try & Mitre

- Stainless steel blade & Aluminium base
- Sliding edge holder
- Stabilising pin
- Metric graduations to one side
- Imperial graduations to the other side

EC-ETRY5250 250mm, 5 Pack
EC-ETRY5300 300mm, 5 Pack

FP-1258 Footprint Marking Gauge

- Used for marking a line parallel to a straight edge prior to sawing, chiselling or cutting
- Hardened steel pin for a long life
- Sturdy beechwood stem & head
- Plastic thumbscrew to allow ease of adjusting the stem & head
- Radiussed bottom edge to slide easily on the wood

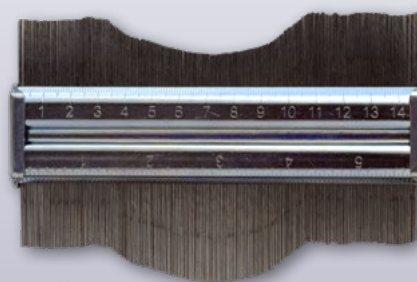

FP-1876 Footprint Mortice & Marking Gauge

- Used to mark wood to make mortice & tenon joints with simple marking gauge pin on the reverse side to mark parallel lines
- Hardened steel pins for a long life
- Hard wearing beechwood stem & head
- Plastic thumbscrew to adjust the stem & with a solid brass slide to adjust the pins

EG-200CG Contour Gauge

- Used to duplicate shapes and forms
- All metal construction
- Connecting plate for joining additional gauges
- 150mm

Carpenters' Range

A carefully selected range of popular carpenters' tools, including sliding bevels, try squares and mortice gauges. Classically designed with rosewood-stained hardwood handles and brass fittings, these tools hark back to the days of traditional craftsmanship and woodwork.

Measure & Marking

Carpenters' Range

SJ-CSBX Sliding Bevel

- Rosewood stained hardwood with brass top and bottom faces
- Base Depth and Width: $26.5 \pm 1\text{mm} \times 18.0 \pm 0.5\text{mm}$
- Brass Edge Thickness: 3mm
- Spring Steel Blade

SJ-CSB75 190mm Base Length: $136 \pm 1\text{mm}$ SJ-CSB9 225mm Base Length: $162 \pm 1\text{mm}$ SJ-CSB12 300mm Base Length: $203 \pm 1\text{mm}$

SJ-CTSX Try Square

- Rosewood stained hardwood with brass top and bottom faces
- Base Depth and Width: $48 \times 18.0 \pm 0.5\text{mm}$
- Brass Edge Thickness: 3mm
- Spring Steel Blade

SJ-CTS6 150mm Base Length: $120 \pm 1\text{mm}$ SJ-CTS9 225mm Base Length: $165 \pm 1\text{mm}$ SJ-CTS105 265mm Base Length: $179 \pm 1\text{mm}$

SJ-CMKG 200mm Marking Gauge

- Block - Rosewood stained hardwood with 2 brass plates on the working face, round brass bar through top section and brass lock
- Screw on top
- Block size: $66 \times 55 \times 28 \pm 1\text{mm}$
- Brass Plates in Block: $7 \times 3\text{mm}$
- Brass Bar in Block: 12mm diameter

SJ-CMTG 200mm Mortice Gauge

- Block - Rosewood stained hardwood with 2 brass plates on the working face, round brass bar through top section and brass lock
- Screw on top
- Block size: $66 \times 55 \times 28 \pm 1\text{mm}$
- Brass Plates in Block: $7 \times 3\text{mm}$
- Brass Bar in Block: 12mm diameter

Measure & Mark Combination Squares

EC-CS150 Combination Square 150mm

- Hardened stainless steel rule
- Alloy head
- Metric & imperial graduations
- Level & scribe

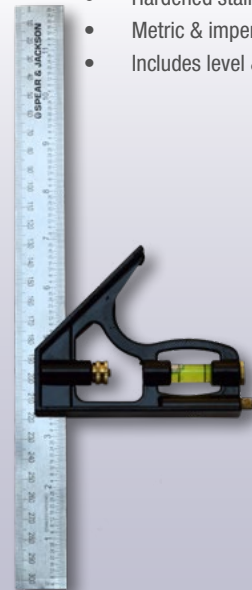

EC-50-470R Combination Square 300mm

- Hardened stainless steel rule
- Alloy head
- Metric & imperial graduations
- Level & scribe

SJ-SQC300 S&J Combination Square

- Hardened stainless steel rule
- Metric & imperial graduations
- Includes level & scribe

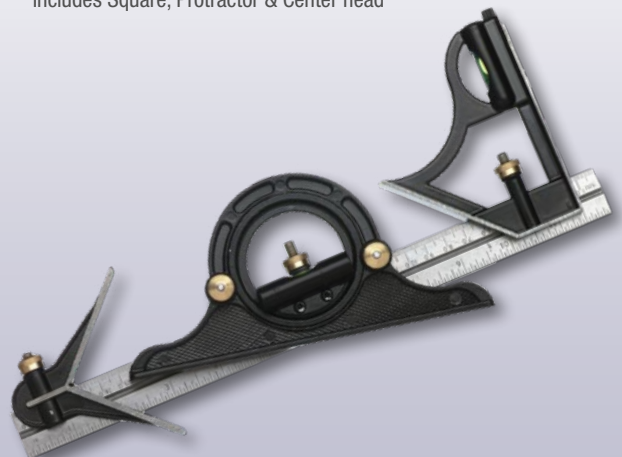

EC-CS300 Pro Combination Square 300mm

- Cast iron square stock,
- Hardened & precision ground measurement faces and slide ways for greater accuracy
- Stainless steel rule 12"/300mm
- Metric & imperial graduations
- Includes level & scribe

EC-50-460R Combination Set

- Stainless steel rule
- Graduated in metric and imperial
- Spirit level, scribe and knurled brass lock nut
- Includes Square, Protractor & Center head

Level Range

Being lightweight is key when it comes to spirit levels. Our range are all super light, but made with strong aluminium. EasyRead crystal clear vials makes finding a level fast and accurate, even in low light. Spear & Jackson spirit levels range from 600mm to 2,000mm and are accurate to within 0.5mm per metre.

SJ-LL75X Line Level

- Ideal for levelling with a string line
- Clear easy read vial

SJ-LL75M 75mm Metal, 5 Pack

SJ-LL75P 75mm Plastic, 5 Pack

SJ-KTM230 Torpedo Level

- Ideal 230mm size for small levelling jobs
- 3 Vials for flat, 90° & 45° measuring
- Milled V base
- Shock absorbing end caps
- Magnetic base
- Durable aluminium construction

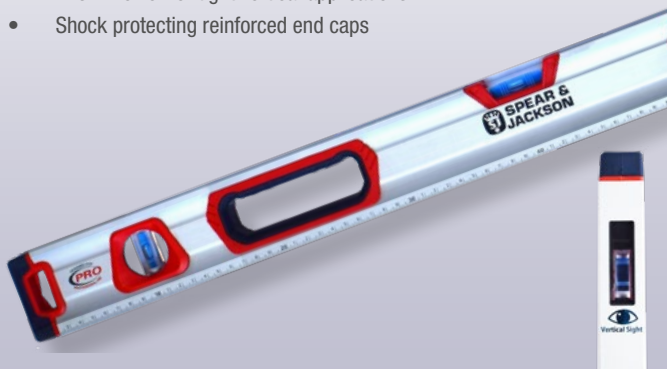

Measure & Mark Levels

Precision levels for crossbeams to caravans...

SJ-PRL PRO Magnetic Levels

- 3 High accuracy vials 0.5/1000mm
- Durable corrosion resistant aluminium construction
- Magnetic CNC milled base
- Metric ruler markings
- Dual material ergonomic hand grips
- Prism viewer for tight vertical applications
- Shock protecting reinforced end caps

SJ-PRL6 600mm, 5 Pack
SJ-PRL8 800mm, 5 Pack
SJ-PRL12 1200mm, 5 Pack

SJ-PRL20 2000mm, 5 Pack
SJ-PRL2P Twin Pack 600 & 1200mm

SJ-BL Box Levels

- 3 High accuracy vials 0.5/1000mm
- Soft touch hand grips
- Shock protecting end caps
- Metric ruler markings
- Precision machined levelling edges

SJ-BL6 600mm, 5 Pack
SJ-BL8 800mm, 5 Pack

SJ-BL12 1200mm, 5 Pack
SJ-BL2P Twin Pack 600 & 1200mm

SJ-PL Post Level

- Strong and rigid abs construction
- Tough frame resistant to impacts
- Includes a magnetic strip and rubber strap
- Lightweight and portable

SJ-CCL60 Cross Check Level

- Ideal for levelling in 2 planes
- Perfect for caravans or fridges
- 2 Vials in fluro case
- Mounting holes for permanent fixing

SJ-BL45 Bullseye Level

- Levels in 2 plane with a single bubble
- Perfect for caravans or fridges
- Mounting holes for permanent fixing

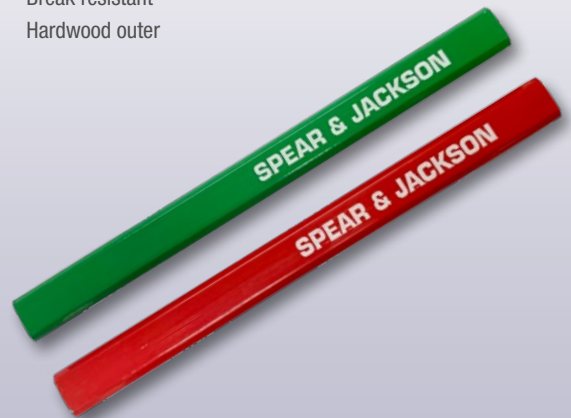

Measure & Mark Pencils & Markers

SJ-BPENX Builders Pencils

- Hard pencil is suitable for use on concrete, brickwork & other hard surfaces
- Medium/soft pencil is suitable for use on wood & plaster board
- Quality graphite core
- Break resistant
- Hardwood outer

SJ-BPENM, Medium, 72 Pack

SJ-BPENH, Hard, 72 Pack

SJ-PM-X Paint Markers

- All purpose paint marker
- Suitable for most surfaces
- Weather proof
- Xylene & Toluene free
- 2mm tip

SJ-PM-B Blue, 10 Pack
SJ-PM-R Red, 10 Pack

SJ-PM-W White, 10 Pack
SJ-PM-Y Yellow, 10 Pack

Measure & Mark Chalk Line

For all your marking requirements..

SJ-CRM100 Chalk Reel

- Used for the marking out of lines for building, brickwork etc
- Heavy duty metal case
- 30m line

SJ-CR3X 3x Rapid Rewind Chalk Reel

- Used for the marking out of lines for building, brickwork etc
- Durable plastic case
- 30m line
- Self locking handle & anchor ring
- Leak proof & easy to refill
- Push button line release

SJ-CLP Chalk Line 3x Rewind Pack

- Used for the marking out of lines for building, brickwork etc
- 3x rapid rewind reel & 115g blue chalk
- 30m line
- Heavy duty metal case
- Self locking handle & anchor ring
- Leak proof & easy to refill
- Push button line release

SJ-MCXX Marking Chalk

- Used for the marking out of lines for building, brickwork etc
- Black & red for more permanent marking
- Blue & yellow for temporary marking
- Suitable for most standard chalk reels

SJ-MCB8 Blue 228g, Std Temp, 12 Pk
SJ-MCR8 Red 228g, Hi Vis Perm, 12 Pk

SJ-MCY8 Yellow 228g, Hi Vis Temp, 12 Pk
SJ-MCBLK6 Black 170g, Std Perm, 12 Pk

Staedtler Range

In 1853, the pencil maker from Nuremberg showcased his wares at the Exhibition of the Industry of All Nations in New York; just a few years later, these high-quality, German made products had already made a name for themselves across Europe and the Middle East.

ST-148/XX Carpenters Pencils

- Premium graphite core
- Break resistant
- Super bonded lead

ST-148/40 Red, Medium, 72 Pack

ST-148/50 Green, Hard, 72 Pack

Measure & Mark

Staedtler Pencils & Markers

Since 1835, Staedtler has been at the forefront of writing instrument innovation...

ST-PMSTAND Pencil & Marker Stand

- Counter top display stand of 50 Lumocolor® permanent markers and 120 carpenters pencils
- Lumocolor® permanent markers - 30 x black, 10 x blue and 10 x red
- Carpenters pencils - 96 x medium 24 x hard
- H 275mm x W 240mm x D 210mm

ST-808X Chinagraph Pencils

- Wax pencils for marking on glossy or other surfaces eg. glass, leather, textiles, stone, metal, wood and plastic
- Cleans off with a clean dry cloth
- Waterproof

ST-8080 White, 12 Pack
ST-8081 Yellow, 12 Pack
ST-8082 Red, 12 Pack

ST-8083 Blue, 12 Pack
ST-8089 Black, 12 Pack

ST-350X Chisel Point Markers 2 - 5mm

- Dry safe ink, can be left uncapped for days without drying out
- Locked tip ensures the tip remains in place
- Waterproof, xylene and toluene free

ST-3502 Red, 10 Pack
ST-3503 Blue, 10 Pack
ST-3504 Orange, 10 Pack
ST-3505 Green, 10 Pack
ST-3506 Violet, 10 Pack
ST-3509 Black, 10 Pack

ST-352X Bullet Point Marker

- Dry safe ink, can be left uncapped for days without drying out
- Locked tip ensures the tip remains in place
- Waterproof, xylene and toluene free

ST-3522 Red, 10 Pack
ST-3523 Blue, 10 Pack
ST-3524 Orange, 10 Pack
ST-3525 Green, 10 Pack
ST-3526 Violet, 10 Pack
ST-3529 Black, 10 Pack

ST-348X Double End Marker 0.6 - 1.1mm

- A marker that features both fine and medium tips
- Fine end for writing 0.6mm
- Medium end for marking 1.1mm
- Waterproof, xylene and toluene free

ST-3482 Red, 10 Pack
ST-3483 Blue, 10 Pack
ST-3489 Black, 10 Pack
