Striking Claw Hammers

Claw Hammers

Used by carpenters for fixing and removing nails. Should never be used for striking implements such as cold chisels

- All feature heat treated fully polished head
- With choice of:
 - Premium Hickory Handle* - dual cylindrical wedges for added safety
 - Tough Fibreglass Handle* - dual material soft grip handle
 - Anti Vibration* - I anti vibration beam design, forged one piece head & handle with dual material soft grip mechanically pinned to shaft. Also features magnetic nail start & oversized strike area.

Striking Range

A toolbox essential for professionals and DIYers alike, all Spear & Jackson hammers are made from first-class materials and manufactured to the highest product specifications... Forged heads are expertly heat-treated, finished and fixed to hickory, steel or fibreglass shafted handles, ensuring maximum strength, reliability and safety.

SJ-CH20W 570g, Hickory, 6 Pack
SJ-CH24W 680g, Hickory, 6 Pack
SJ-CH20FG 570g, Fibreglass, 6 Pack

SJ-CH24FG 680g, Fibreglass, 6 Pack
SJ-CH20FA 570g, Anti Vibration, 6 Pack
SJ-CH24FA 680g, Anti Vibration, 6 Pack

Striking

Pein & Sledge Hammers

Ball Pein Hammers

Made for use in striking and shaping metal materials. It is also used for hitting chisels and punches.

- Heat treated fully polished head
- Premium Hickory handle
- Dual wedges for added safety

SJ-BPH8 226g, 6 Pack SJ-BPH16 450g, 5 Pack SJ-BPH32 900g, 4 Pack
SJ-BPH12 340g, 6 Pack SJ-BPH24 680g, 4 Pack

Cross Pein Hammers

Most useful in cabinet work, light joinery, and other woodworking tasks

- Premium hickory handle
- Heat treated fully polished head
- Dual wedges for added safety

SJ-CPH8 226g, 6 Pack SJ-CPH12 340g, 6 Pack
SJ-CPH10 280g, 6 Pack SJ-CPH14 396g, 6 Pack

Sledge Hammers

Used in all industries for heavy work such as demolition or where a strong blow has to be given, eg. driving home stakes

- Hardened, tempered drop forged head
- Over strike guard
- With a choice of:
Premium Hickory Handle - with cylindrical wedges for added safety
Tough Fibreglass Handle - mechanically pinned & chemically fixed head and dual material soft grip

SJ-4LBWH 1.8kg, Hickory, 8 Pack SJ-14LBWH 6.4kg, Hickory, 2 Pack SJ-SHFP10 4.5kg, Fibreglass, 2 Pack
SJ-7LBWH 3.2kg, Hickory, 4 Pack SJ-SHFP4 1.8kg, Fibreglass, 8 Pack SJ-SHFP14 6.4kg, Fibreglass, 2 Pack
SJ-10LBWH 4.5kg, Hickory, 2 Pack SJ-SHFP7 3.2kg, Fibreglass, 4 Pack

Striking Club & Brick Hammers

All our Hammers are manufactured to the highest product specifications ensuring maximum strength...

Club Hammers

Used in the building and construction industry for delivering short heavy blows, eg. with cold chisels and brick bolsters

- All feature heat treated head
- With a choice of:
 - *Hickory Handle* - cylindrical wedges for added safety
 - *Fibreglass Handle* - dual material soft grip
 - *All Steel* - a forged one piece head & handle with dual material soft grip

SJ-CH3W 1.3kg, Hickory, 4 Pack
SJ-CH4W 1.8kg, Hickory, 4 Pack

SJ-FGCH3 1.3kg, Fibreglass, 4 Pack
SJ-FGCH4 1.3kg, Fibreglass, 4 Pack

SJ-CH25AS 1.1kg, All Steel, 4 Pack
SJ-CH4AS 1.8kg, All Steel, 4 Pack

Footprint Club Hammers

Used in the building and construction industry for delivering short heavy blows, eg. with cold chisels and brick bolsters

- Hardened, forged and tempered carbon steel head
- Tough solid core fibreglass handle
- Extra thick handle for comfort and a firm grip
- Rubberised soft grip for comfort and shock absorption
- Safety loop for tethering at heights

FP-119/25 1.1kg, Fibreglass, 4 Pack

FP-119/40 1.8kg, Fibreglass, 4 Pack

Brick Hammers

Used by bricklayers for cutting and fitting bricks and stonework

- Fully polished head
- With a choice of:
 - *Fibreglass Handle* - dual material soft grip
 - *All Steel* - a forged one piece head & handle with dual material soft grip

SJ-BRH24FG 680g, Fibreglass, 6 Pack

SJ-BRH24AS 680g, All Steel, 6 Pack

Striking Mallets

Our Rubber Mallets are made from highly durable materials providing years of service...

SJ-CM400 Carpenters Mallet

Ideal for use with wood chisels and shaping tools

- Made entirely from premium beechwood
- Sculptured all wood handle will hang hole

FP-130/4.1/2 Footprint Carpenters Mallet

Ideal for use with wood chisels and shaping tools

- Made entirely from premium beechwood
- 115mm
- Sculptured all wood handle

Rubber Mallets

Ideal for construction, automotive and general use.

- Durable rubber head in black or white (for non marking applications)
- With a choice of:
Lacquered Hardwood Handle
Fibreglass Handle - dual material soft grip

EG-12100/16 450g, Hardwood, 6 Pack
EG-12100/24 680g, Hardwood, 6 Pack
EG-12100/32 900g, Hardwood, 6 Pack

SJ-RM16FG 450g, Fibreglass, 6 Pack
SJ-RM24FG 680g, Fibreglass, 6 Pack
SJ-RM32FG 900g, Fibreglass, 6 Pack

SJ-WRM16FG 450g, White Head, Fibreglass, 6 Pack
SJ-WRM24FG 680g, White Head, Fibreglass, 6 Pack
SJ-WRM32FG 900g, White Head, Fibreglass, 6 Pack

Industrial Hammers

Normalised

Industrial Hammers

Eclipse industrial hammers offer a quality solution for the industrial sector. We offer soft faced, deadblow & normalised hammers in a full range of sizes & weights.

Normalised hammers incorporate a softened steel head that deforms or mushrooms on repeated impacts rather than potentially fracturing or chipping...

EC-NICH4N Normalised Club Hammer

Normalised club hammer ideal for heavy industry mining, engineering applications & all environments where safety is paramount.

- Indestructible vulcanized rubber handle features 4 spring steel rods for ultimate durability & protection from over strikes.
- Rods are locked using a steel locking plate to ensure the head is never dislodged.
- Drop forged steel head, annealed/normalised to 15 - 30HRC to reduce chipping or splitting
- Vulcanized rubber handle absorbs impact and vibration, reducing user fatigue.
- Tether loop in handle

Part No.	Handle Length	Weight	Pack Qty
EC-NICH4N	250mm	2.5kg	6

EC-NPXXN Normalised Sledge Hammers

Normalised sledge hammers are designed for heavy industry mining, plant shut down & all environments where safety is paramount.

- Drop forged steel head, Annealed/Normalised to 20-30HRC
- Soft face that will mushroom to reduce chipping or splitting
- Head mechanically pinned to full length solid fibreglass handle
- Tough High Density Polypropylene outer cover with thermoplastic rubber grips
- Built in over strike protection
- Tether loop in handle

Part No.	Handle Length	Weight	Pack Qty.
EC-NPS4N	330mm	2.1kg	2
EC-NPS7N	830mm	3.1kg	2
EC-NPS10N	830mm	4.5kg	2
EC-NPS14N	830mm	6.3kg	2

Industrial Hammers

Deadblow

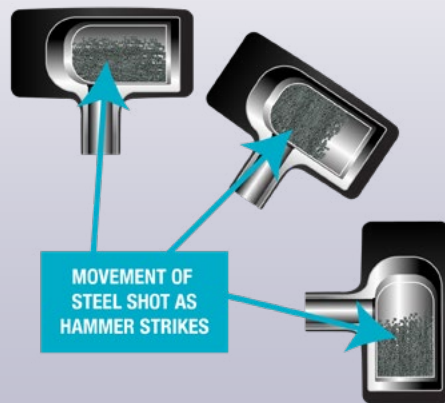

The head contains fine steel shot which transmits the inertia of the hammer blow into the material rather than losing force through rebound...

EC-PCD Deadblow Hammers

Deadblow hammers are designed for use in engineering and industrial sector. Delivers more force without marring critical components.

- Deadblow feature minimises rebound and concentrates the force of the blow
- Polyurethane dead blow hammers are encapsulated from handle to head in a tough, durable PUR material.
- Hardness of outer layer 90-95A
- Steel shot filled head.

Part No.	Size	Weight	Pack Qty
EC-PCD50	50mm	940g	6
EC-PCD60	60mm	1.4kg	6

EC-SFDXXN Soft Faced Deadblow Hammers

Soft faced dead blow hammers incorporate non-marking Nylon or PVC striking faces for protection of work surfaces.

- Deadblow feature minimises rebound and concentrates the force of the blow
- Fully welded head and steel handle incorporates a soft TPE grip which absorbs vibration
- Fitted with nylon tips

Part No.	Size	Weight	Tips Included	Pack Qty
EC-SFD25N	25mm	430g	Nylon	14
EC-SFD40N	40mm	850g	Nylon	6
EC-SFD50N	50mm	1090g	Nylon	6
EC-SFD60N	60mm	1650g	Nylon	6

Replacement Tips

Part No.	Size	Type
EC-DBT25N	25mm	Nylon Tip
EC-DBT25P	25mm	PVC Tip
EC-DBT40N	40mm	Nylon Tip
EC-DBT40P	40mm	PVC Tip
EC-DBT50N	50mm	Nylon Tip
EC-DBT50P	50mm	PVC Tip
EC-DBT60N	60mm	Nylon Tip
EC-DBT60P	60mm	PVC Tip
